Good morning,

We were alerted yesterday afternoon of a potential lead in drinking water issue in West Virginia. Attached is a briefing paper that spells out what we know so far.

WV Dept of Health sent us a draft AO to review. We'll be providing comments to WV on that. We also have a follow-up call scheduled with them for this afternoon

## Ex. 5 Deliberative Process (DP)

Water Division is alerting OGWDW.

We'll keep you posted.

Any questions, let us know.
